Subject Index

A
Abducens schwannoma inside cavernous sinus proper, 559
Abscess, extradural, *Aspergillus* vertebral osteomyelitis with, 551
Acellular dermal graft as dural substitute in experimental model, 297
Aging, one step closer to finding the "elixir of youth"?, 4
Anatomy
  extraforaminal lumbar arteries, 29
  microsurgical anatomy of perforating branches of vertebral artery, 190
  trigeminal nerve and ganglion, 564
Aneurysm
  cerebral, preoperative evaluation of venous system for potential interference in clipping of, 357
  cerebral vein thrombosis associated with aneurysmal subarachnoid bleeding, 95
  comparison of risk factors in etiology of mirror and nonmirror multiple intracranial aneurysms, 541
  does clipping cause brain dysfunction?, 3
  intracanalicular aneurysm at meatal loop of distal anterior inferior cerebellar artery, 82
  rebleeding of vertebral artery dissecting aneurysm during stent-assisted coil embolization, 365
  size of cerebral aneurysms and related factors in patients with subarachnoid hemorrhage, 239
  surgery for carotid dural ring aneurysms, 546
  treatment of vertebral artery aneurysms with posterior inferior cerebellar artery-posterior inferior cerebellar artery anastomosis combined with parent artery occlusion, 185
  vertebrobasilar junction aneurysms associated with fenestration: treatment with Guglielmi detachable coils, 248
Angiography
  cerebral vein thrombosis associated with aneurysmal subarachnoid bleeding, 95
  intracanalicular aneurysm at meatal loop of distal anterior inferior cerebellar artery, 82
  microsurgical anatomy of perforating branches of vertebral artery, 190
  microvascular decompression for hemifacial spasm caused by vertebral artery, 398
  preoperative evaluation of venous system for potential interference in clipping of cerebral aneurysm, 357
  rebleeding of vertebral artery dissecting aneurysm during stent-assisted coil embolization, 365
  recurrent spinal fistula, 347
  Rendu-Osler-Weber disease with giant intracerebral varix secondary to high-flow pial AVF, 353
  surgery for carotid dural ring aneurysms, 546
  surgical options in management of falcotentorial meningiomas, 157
  thrombosis of spinal arteriovenous malformation after hemorrhage, 92
  trauma-induced ascending pharyngeal artery-internal jugular vein fistula, 89
  traumatic arteriovenous fistula of posterior inferior cerebellar artery treated with coil embolization, 255 (erratum, 504)
  treatment of vertebral artery aneurysms with posterior inferior cerebellar artery-posterior inferior cerebellar artery anastomosis combined with parent artery occlusion, 185
  vertebrobasilar junction aneurysms associated with fenestration: treatment with Guglielmi detachable coils, 248
Angiosarcoma
  of aortic wall, cerebral metastasis from, 68
  of cranial vault, 575
Animal models
  acellular dermal graft as dural substitute in experimental model, 297
  effects of Tyrphostine Ag 556 on experimental spinal cord ischemia reperfusion injury, 45
Anterior inferior cerebellar artery, distal, intracanalicular aneurysm at meatal loop of, 82
Antibiotic prophylaxis, intraoperative, in clean spinal surgery, 129
Aortic wall, cerebral metastasis from angiosarcoma of, 68
Aquaporins and brain edema, 418
Arachnoid cyst, convexity, double-endoscopic approach for, 483
Arteriovenous fistula (AVF)
  Rendu-Osler-Weber disease with giant intracerebral varix secondary to high-flow pial AVF, 353
  trauma-induced ascending pharyngeal artery-internal jugular vein fistula, 89
  traumatic, of posterior inferior cerebellar artery treated with coil embolization, 255 (erratum, 504)
Arteriovenous malformation, spinal, thrombosis after hemorrhage, 92
Ascending pharyngeal artery-internal jugular vein fistula, trauma-induced, 89
Aspergillus vertebral osteomyelitis with extradural abscess, 551
Autonomic dysfunction, type 2 diabetes mellitus: etiology and treatment, 422
